## About Me

---

Passionate and dedicated Computer Science undergraduate specializing in Cloud Computing with strong problem-solving skills. Experienced in full-stack web development, actively learning AWS. Driven by a deep interest in coding, DSA, and building impactful tech solutions.

## Education

---

<b>VIT Bhopal University, Bhopal</b>	8.54 GPA
<i>Bachelor of Technology in Computer Science, Specialization in Cloud Computing</i>	<i>2022 - present</i>
<b>SVM, Chhatarpur, M.P.</b>	76.8%
<i>12th (CBSE)</i>	<i>2020 - 2021</i>
<b>SOPJVN, Kutchh, Gujarat</b>	93.4%
<i>10th (CBSE)</i>	<i>2018 - 2019</i>

## Technical Skills

---

**Languages:** C++, SQL, JavaScript, HTML/CSS

**Frameworks:** React, Node.js, Express, MongoDB, Tailwind CSS

**Developer Tools:** Git, GitHub, VS Code, Visual Studio, AWS(basics)

**Relevant Coursework:** Data Structures and Algorithms, Database Management System, Object Oriented Programming, Computer Networks

## Projects

---

**DriveEasy** | *MongoDB, Express.js, React, Node.js*

- Developed a full-stack car rental platform enabling users to browse, book, and manage vehicles.
- Implemented JWT-based authentication (signup/login) with encrypted password storage.
- Designed a dynamic booking system with date-picker logic and integrated location-based car filtering.
- Built an admin dashboard for inventory management (add/edit/delete cars).
- Optimized performance by hosting images on ImageKit, reducing page load times.

**PathFinder** | *Node.js, MongoDB, React, Clerk*

- Developed a full-stack career counseling web application to provide personalized career guidance to students and professionals.
- Interactive directory of careers with detailed profiles (salary, skills, growth).
- Dedicated articles page for recent news and updates.
- Implemented a booking system where verified counselors list profiles, and users book paid appointments (Stripe API integration).

**WeatherMind** | *HTML, CSS, JavaScript, OpenWeatherAPI*

- Built a weather app using HTML, CSS, JavaScript, and OpenWeather API with real-time data updates.
- Enhanced user experience by implementing localStorage to save and recall preferred city selections.
- Designed an intuitive UI with smooth data rendering using Fetch API (async/await) and DOM event handling.

## CERTIFICATIONS

---

- Ethnus Certification : **AWS Solutions Architect - Associate Certification Program.**
- IBM Certification : **GEN AI Using IBM Watsonx.**
- Coursera Certification : **HTML, CSS, JavaScript for Web Developers.**

## Extracurriculars and Achievements

---

- Earned NPTEL Certification in Introduction to Artificial Intelligence by IIT Delhi, ranking among the top 3.03% (619 out of 20,370) of participants nationally.
- Completed **Google Cloud Arcade'23** on Google Cloud Skill Boost Platform.
- Solved 200+ problems across platforms including LeetCode, GeekForGeeks, and more.
- Hobbies are Reading, Gaming and Problem Solving.
